# Shingle Roofing Systems ...For Commercial Properties

*Country Mansion®  
Shingles in Estate Oak*

"Your **best and safest**

*TruSlate® Genuine  
Slate Roofing in Eco Green*

# choice in roofing since 1886!"

## Your Roofing Decisions Are Critical

As a property owner, manager, or investor, you know how important a sound roofing system is to the integrity of your building. Choosing the right roofing system, having it installed by a professional contractor, and protecting it with a superior warranty are critical to its long-term watertight performance — and your peace of mind.

## Don't Be Burned By The Risks!

Think of the consequences of a bad roofing decision:

- Financial loss
- Destruction of equipment and building contents
- Hassles to you and the building's occupants
- Loss of productivity
- Tenant complaints

Then, if a problem does occur, there is the very real question of whether the contractor and manufacturer will be there to fix it.

## Finally, There Is A Superior Solution...

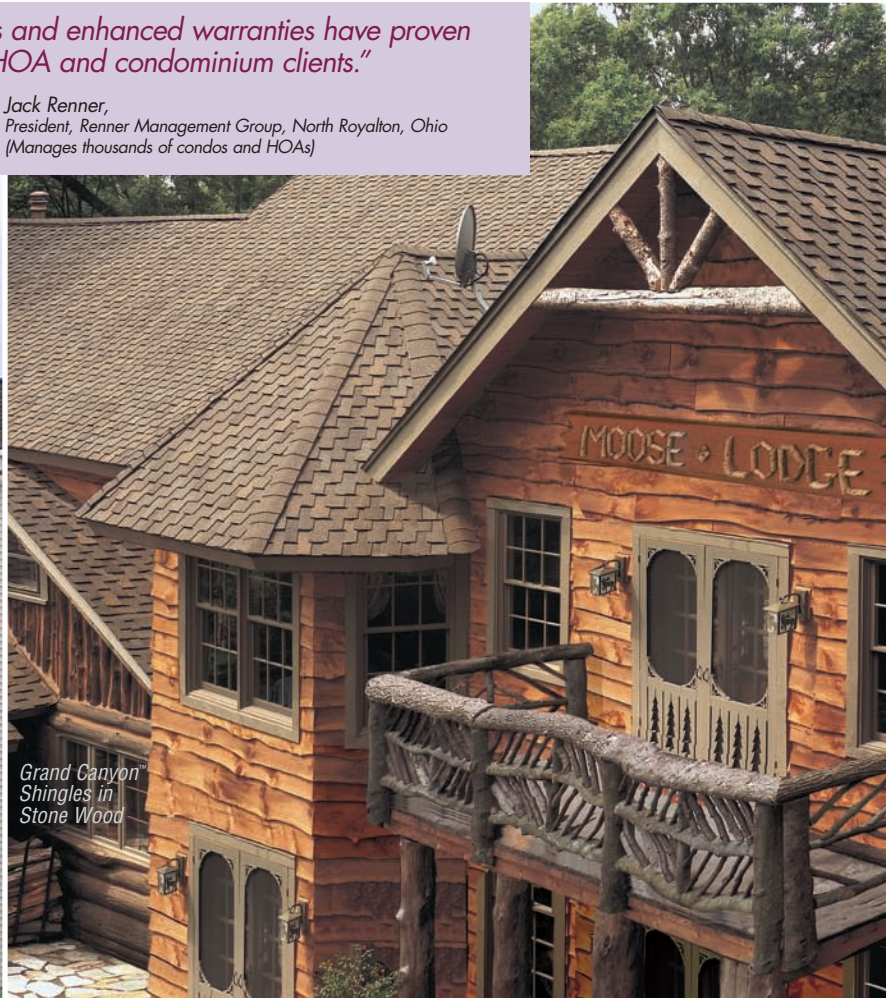

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

# Apartments, Condos, HOAs

*"GAF's shingle roofing systems and enhanced warranties have proven to be the best choice for my HOA and condominium clients."*

Jack Renner,  
President, Renner Management Group, North Royalton, Ohio  
(Manages thousands of condos and HOAs)

# Houses Of Worship

*"...Camelot®, Slateline®, and Grand Slate™ shingles are a perfect choice for the architectural style of most religious buildings."*

## Let North America's Largest Roofing Manufacturer Protect Your Valuable Assets

In the last 30 years, over 10 major roofing manufacturers have gone out of business (or consolidated)—in some cases leaving their customers with no warranty coverage! Similarly, 8 out of 10 roofing contractors typically go out of business within 5 years after start-up (just compare your current Yellow Pages to one from 5 years ago). If you have a problem with the materials on your roof, will the roofing manufacturer be in business and financially capable of fulfilling its warranty?

As North America's largest roofing manufacturer, GAF has 125 years of experience in the roofing business. With annual sales approaching \$3 billion, we have the financial clout to stand behind your roof now, and for decades to come.

# Retail & Office

## We're Fanatics About Quality... For Your Protection

When you install GAF Advanced Protection™ shingles, you're getting the very best combination of weight and performance that modern manufacturing technology can deliver. In fact, no one makes a better asphalt shingle for:

- Toughness
- Granule adhesion
- Wind uplift resistance
- Flexibility
- Fire resistance

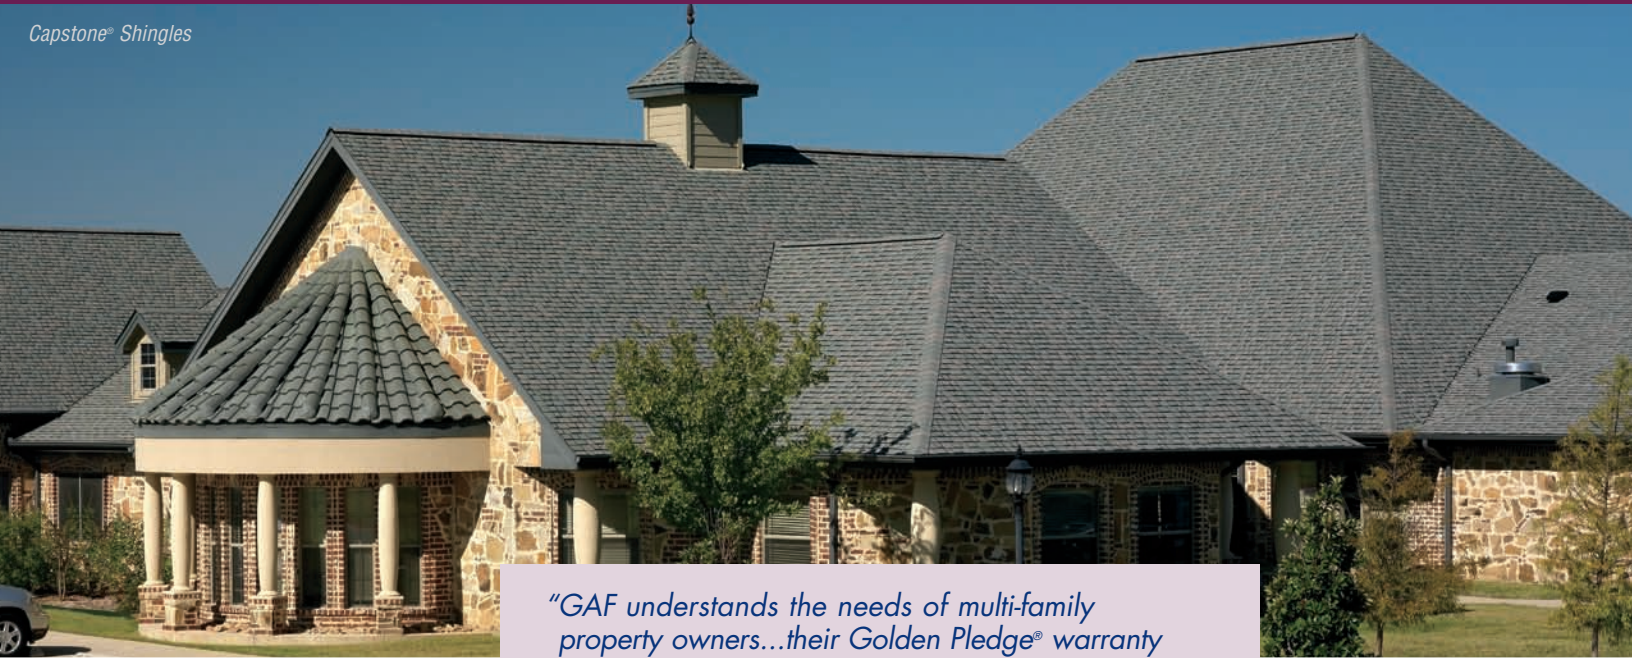

Every GAF shingle passes the industry's two toughest wind tests: ASTM's 110 mph and 150 mph wind tests!

## Commercial-Grade Warranties... For Your Peace Of Mind

GAF's System Plus and Golden Pledge® Ltd. warranties go beyond standard shingle warranties, because they cover your *entire GAF roofing system*. The Golden Pledge Ltd. warranty even includes coverage against workmanship errors—similar to commercial “NDL” guarantees. And our All-American Pledge guarantee is the industry's only guarantee that offers NDL coverage for properties that have both steep- and low-slope roof areas.

Capstone® Shingles

"GAF understands the needs of multi-family property owners...their Golden Pledge® warranty gives us real peace of mind."

Stuart English  
Senior Vice President,  
National Engineering  
Equity Residential

Slateline® Shingles

Country Mansion® Shingles

Timberline® High Definition® Shingles

Slateline® Shingles

# Schools and Government

TruSlate™ Genuine  
Slate Roofing

*"...Schools that are looking for superior protection for their facilities will find that GAF roofing systems are their best and safest choice!"*

Slateline® Shingles

"One manufacturer...one system...  
Your best and safest choice!"

## The GAF Roof System Solution Is Your Best And Safest Choice For Commercial Properties

The roof on a commercial property can take a pounding from inclement weather and other wear and tear. So we've designed our Weather Stopper® Roofing System to handle the most demanding applications:

- **Timbertex® or Ridglass® Distinctive Ridge Cap Shingles...**

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** ridge cap shingles can enhance the beauty of your property — while guarding against leaks at the hips and ridges.

- **ShingleMatch™ Premium Roof Accessory Paint...**

is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

- **GAF Quality Shingles...** including **Timberline®**, the #1-selling shingles in North America.

- **Cobra® and Master Flow® Ventilation Products...**

help remove excess heat and moisture that can raise your energy bills, cause premature peeling of paint and wallpaper, and even affect your tenants' health.

- **Deck-Armor™, Tiger Paw™, and Shingle-Mate® Roof Deck Protection...**

Non-asphaltic **Deck-Armor™** and **Tiger Paw™** allow moisture to escape from your attic while providing the very best protection against wind-driven rain. They also lay flatter for a better-looking roof. **Shingle-Mate®** is also a great choice.

- **Weather Watch® & StormGuard® Leak Barriers...**

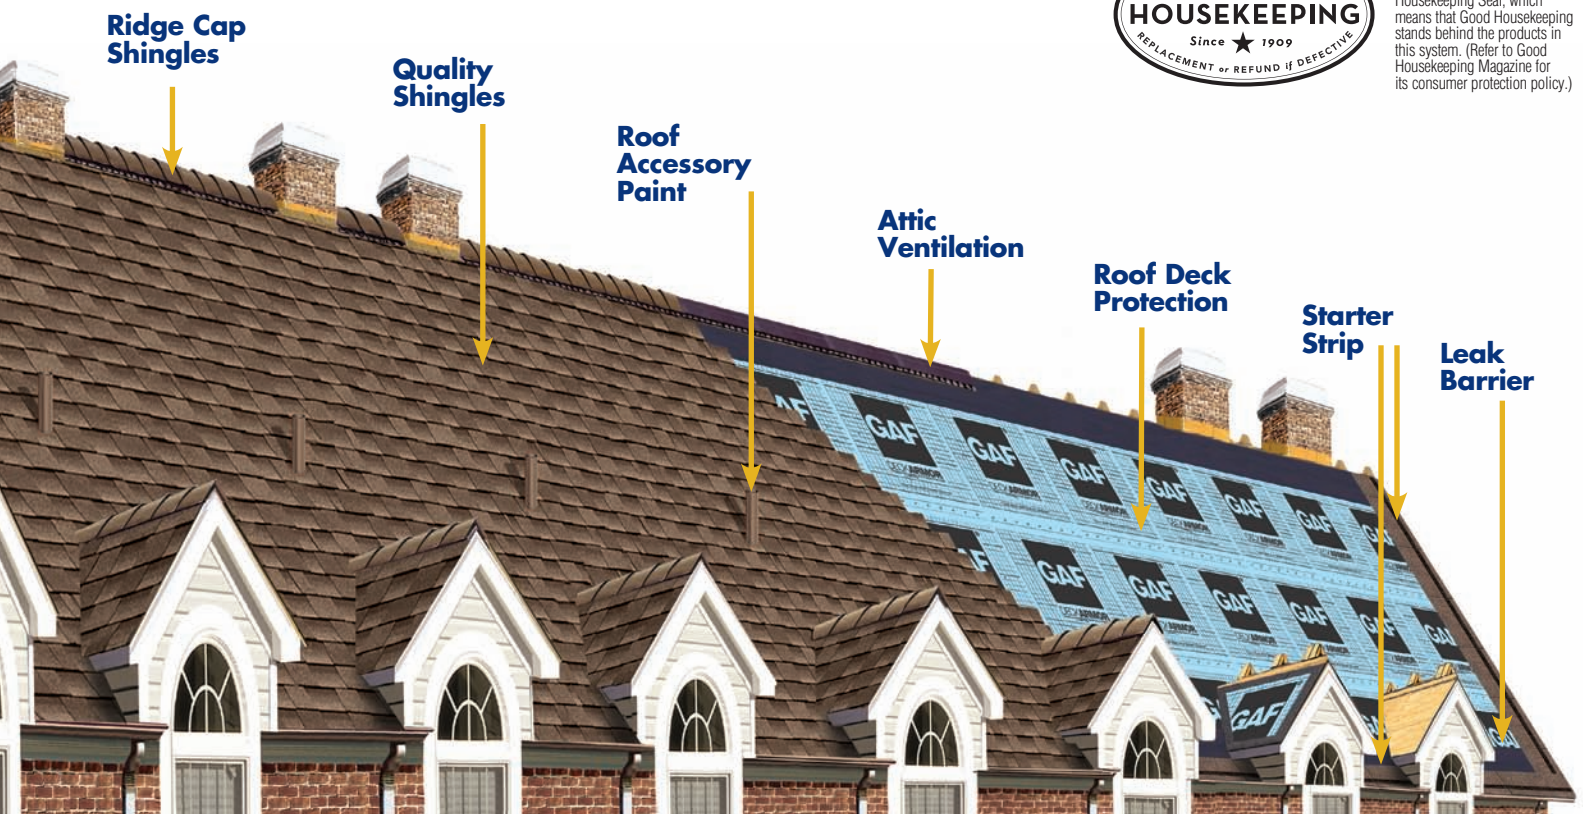

provide exceptional protection against leaks caused by property movement and extreme weather. Recommended at all vulnerable areas of the roof.

## The Weather Stopper® Roofing System Has Even Earned The Prestigious Good Housekeeping Seal

The Seal is more than just the most-recognized symbol of product quality. It's your assurance that the highly trained experts at the independent Good Housekeeping Institute have performed a rigorous evaluation of GAF's research, quality control, and other key functions — for your peace of mind!

The GAF Smart Choice® Weather Stopper® Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)

# Asphalt Shingle Selection Guide

For roofing projects on a **limited budget**, basic 3-tab shingles are a good choice.

If you're trying to create an **upscale look** for your property (or you have a roof where the shingles are more likely to be noticed), then an architectural or designer shingle can add beauty and help improve property value.

## GOOD

### Basic 3-Tab Shingles

(Note: Available only in the Northeast and Midwest)

## BETTER

### Architectural & Value-Series Designer Shingles

Also available in certain areas:

- **Timberline® Natural Shadow™ shingles**  
(Value and performance in a natural wood shake look)
- **Timberline® ArmorShield™ II shingles**  
(UL 2218 Class 4 impact-resistant shingles)
- **Timberline® Cool Series shingles**  
(Revolutionary, energy-saving shingles)

# Genuine Slate Roofing

## BEST

### Ultra-Premium Designer Shingles

**D**o you have a slate roof that needs to be replaced? Or have you always wanted to own a genuine slate roof—but were afraid that it would be prohibitively expensive?

The TruSlate™ system from GAF can make your dream of owning (or replacing) a genuine slate roof a reality. The TruSlate™ system features:

- **Real hand-split quarried slate** (not a synthetic imitation)
- **Affordable luxury** (often comparable to the cost of the cheap-looking imitation “slates”)
- **Perfect for new construction or remodeling** (because it typically eliminates the expensive structural modifications that old-fashioned slate requires)
- **Improves resale value** (and may even help you to sell a property more quickly)

### How did we do it?

On an old-fashioned slate roof, *half of each slate is never seen*, because it’s tucked under the piece above it. We’ve replaced this wasted slate with a **high-tech waterproofing material**. With this ingenious design, the TruSlate™ system can be installed on almost **any roof**.

**It goes without saying**, before you select your next roofing system, you owe it to yourself to consider the advantages of a genuine TruSlate™ roof. In fact, why even consider **a plastic imitation**, when you can get the **real thing for about the same price**—and for only a fraction of the cost of old-fashioned slate?
